

B Series

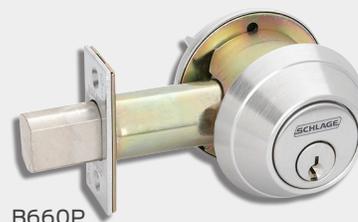

Grade 1 deadbolts

The toughest deadbolts in the business

Schlage® delivers security with heavy duty Grade 1 constructed deadbolts for applications that require a solution that remains locked under the most severe physical attacks.

Features

- Key control solutions from standard cylinders to the more restrictive PrimusXP key systems.
- Cylinder options to include standard cylinders, two different interchangeable core designs or UL437 listed cylinders
- Anti pick and pry shield as a standard
- 7/8" in diameter deadbolt with internal anti-saw pin
- Reinforcement plates and 3" long screws for wood jamb strike plate reinforcement
